Continuation of Substance of Interview including description of the general nature of what was discussed: Mr. Brown called yesterday to discuss the substance of the advisory action of 11/26/2004. In particular, Mr. Brown could not understand why the Examiner refused to enter the After-Final amendment of 11/3. In particular, why the Examiner cited section 2b as rational for the non-entry. I told Mr. Brown that the more appropriate selection should be 2c. The Examiner thus makes of record that he is refusing entry of the above cited after-final amendment because the amendment is not deemed to place the application in better form for appeal by simplifying the issues..
